A CARD.

HAVING been consulted by numerous citizens of Raleigh on the ensuing election for Mayor of the City, and finding that there does exist a great dissatisfaction with regard to the present incumbent, and after being strongly solicited, I have consented and do through this medium announce myself as an independent Republican candidate for the Mayoralty of the City of Raleigh for the year 1870. I will say no more at present, hoping that a favorable opportunity may be presented for me to address my fellow citizens on this subject.

A STANDARD HISTORY BY

GEN. LEE.

A Work of National and Permanent Value.

MEMOIRS OF THE WAR,

By Gen. Henry Lee,

("LIGHT HORSE HARRY")

Thoroughly Revised and Annotated,

BY GEN. ROBERT E. LEE.

WHO HAS ADDED A FULL BIOGRAPHY OF HIS FATHER.

1 vol. octavo, 640 pages, with new Steel Portraits of Gen Henry Lee, Gen. Robert E. Lee, and Gen. Nathaniel Greene; beautiful Steel Engravings of "Marion Crossing the Pedee," and the "Surrender of Cornwallis," Maps of the Siege of Charleston, S. C; the Siege of Yorktown, Va; the Battle fought near Camden; the Battle of Guilford; the Battle of Hobkirk's Hill; and a sketch of Gen. Henry Lee's residence.

This admirable history of the operations of the American Armies during the Revolutionary War in the Southern Department of the United States is the standard work on the subject of which it treats; and this new edition, revised, corrected, and enlarged by Gen. Robert E. Lee, the distinguished son of the author, and embellished by elegant Engravings, and original Maps never before published, is a volume of the highest value to every intelligent person.

This history has been for a long time out of print, and because of the accuracy as a history of that interesting period and that there was no work to supply its place, it was much sought for and a new edition demanded.

It is seldom that a historical work by a distinguished author has the advantage of a revision by so distinguished a son, and both of them great military leaders in the same section of the country.

Gen. Lee receives a LARGE COPYRIGHT UPON EVERY COPY OF THE BOOK SOLD. Sold only by subscription.

PRICE:—Handsomely bound in Cloth, $4 00.

FRIDAY, DECEMBER 24, 1869.

COMPENSATION.

To all who have read the old English romances, Hounslow Heath and Finchley Common are familiar, as the scene of many an adventure with highwaymen. Sydney Smith said that when he was *young*, Finchley Common, near London, was notorious for these gentry and their exploits.

In the course of time Finchley Common was inclosed and improved, as "my son in-law," Lewis, in his report, proposes to inclose and improve Nash Square. By this movement the highwaymen of Finchley Common were deprived of the opportunity of exercising their vocation. A young friend of Smith's, a barrister, proposed to draw up for the highwaymen, a petition to the House of Commons, for compensation, which petition ran in this wise:

"We, your loyal highwaymen of Finchley Common, having, at great expense, laid in a stock of blunderbusses, pistols, and other instruments for plundering the public, and finding ourselves impeded in the exercise of our calling by the enclosure of said Common, humbly petition your honorable House will be pleased to assign to us such compensation as your honorable House in its wisdom and justice may think fit."

It will be remembered that the "men of the Road," of those days, claimed to be *gentlemen*, just as the same class continue to claim to the present day; and this remark brings us by an easy transition to a consideration of persons and things of our own times.

If Mr. Barnett's bill, in the House of Commons, for the sale of the N. C. Railroad should fail, we suggest that the "Ring" petition the Legislature for compensation for the various losses they have sustained, and which this bill is designed, in part, to cover. They are certainly as much entitled to it as the gentlemen of Finchley Common were for their losses accruing from the obstruction to their vocation, and we see no impropriety in the "Ring" imitating those chivalrous gentlemen, as well in the matter of the petition as in that of plundering the public.

We could recommend several members of the Bar who, we think, could be induced, for a consideration, to draw up a petition on the subject, but, as we belong to the profession, we will draw up the petition ourself, gratis:

"This petition of the "Ring," the members of which are all loyal, humbly sheweth to your honorable body, that we concocted a system of Railroads for the benefit of ourselves and the State: That we located a Penitentiary on Deep River, at great personal expense, with an eye to the incidental perquisites: That we negotiated with Pilgrim Ashley for all the State's school lands in Hyde county, with a fair prospect of realizing largely thereon: That our Railroad project put $7,000,000 in the hands of Gen. Littlefield; $2,000,000 in the hands of Dr. Sloan, and about the same in the hands of A. J. Jones; none of which are now available, there being, really, no market value attached to them.

The plan for the purchase of the lands in Hyde, (and the consequent profits) failed by reason of the treachery of our Respass in the Senate, and the opposition of that unrepentant rebel, Jarvis, in the House, who got up a bill requiring the sale made by the Pilgrim, to be submitted to the General Assembly, which, of course, blocked our game and resulted in a dead loss to us of $50,000.

Your petitioners are out, also, $5,200 in the penitentiary transaction, having paid Dr. McCoy of Harnett that amount for the 8,000 acres of land, and in the same connection, $100,000 bonds of an uncertain value, which have been outlawed; not to mention the $3,000 paid to Mr. Lassiter by our Ring Master, Gel. Littlefield for the "kildee plantation," to increase his good will toward us.

Your petitioners would also mention another loss they have sustained, in the item of some $10,000 expended in wine, whiskey, cigars &c., for the sole enjoyment of your honorable selves; $4,000 of which is yet unpaid; the whole having been consumed by your honorable body, with the exception of a few bottles of brandy and two baskets of champaign sent to a friend in the Judiciary department; and in the same connection $1200 *loaned* to our friend Stevens, and smaller sums distributed to members of your honorable body promiscuously. The failure of the lease of the N. C. Railroad, was another heavy loss to your petitioners; but your petitioners will not conceal the fact that, for this loss, they look for compensation in the sale of the Road under Barnett's bill; or, if that should fail, to the sale of $1,000,000 stock of said Road.

Your petitioners lobbied through Railroad bills to the amount of $26,000,000 as you are aware, but the Supreme Court, under some unaccountable infatuation, has decided against the constitutionality of nearly half of them, thus circumscribing the area of our "perquisite" operations, while owing to the great depreciation of the remainder, that has taken place despite Clingman's letter, the Treasurer's promises and the Governor's telegrams, we have been able to use them only to a limited extent. And even on these we are likely to experience difficulty in Florida, through the blundering of Gov. Read and treachery of one Connant, of whom we expected better things. In regard to the manner in which your petitioners are involved in Florida, we refer your honorable body to Dr. Grissom, Marshall Carrow, Mr. Moore of Chowan, Dr. Sloan, A. J. Jones, and also to His Excellency, Gov. Holden and Treasurer Jenkins, who were present together in New York, in October last, and are cognizant of all the facts.

We, therefore humbly pray your honorable body to legalize our (so-called) *misuser* of the State bonds, and to make us such further compensation, in the shape of direct or indirect appropriations for our troubles and losses, as to your honorable body shall seem just and proper. And, as in duty bound, your petitioners will ever pray &c."

In framing this petition, we would mention that we have used the closing paragraph as a mere matter of formality; as we have no idea that the petitioners, as a general, or even as an occasional thing, ever indulge in the exercise therein alluded to.

It is said that history is constantly repeating itself, and the above, in imitation of the Finchley Common gentlemen, would be but another proof of the truth of the statement.

JOHN W. NORWOOD, ESQ.

This gentleman is engaged in delivering a course of Lectures to the people of Orange on the subject of Agriculture, composting and horizontal ploughing, or ploughing on a level. The Orange farmers will, no doubt, turn out generally, to hear him, and learn to make compost and to plough deeper and better than they have been in the habit of doing.

At the Drug Store in Hillsboro, may be found a neat pamphlet of eight pages written by Mr. Norwood, which treats of horizontal ploughing. It is from the pen of a lawyer-farmer, who raises the largest turnips, the longest ears of corn, and the best fruit in the county, and at the same time is improving his land every year. The pamphlet will repay perusal, for whatever such a farmer as Mr. Norwood may say or write is worth hearing or reading.

SIMULTANEOUS SAILING OF THE GUNBOATS FROM NEW YORK AND THE RAM TRIUMPH (LATE ATLANTA) FROM THE DELAWARE—A NAVAL BATTLE EXPECTED.

[From the Philadelphia Press, Dec. 20.]

The rebel ram Atlanta, which has been lying in the Delaware ever since her arrival from Savannah, where she was captured, was lately purchased from the government, ostensibly by Hayti. Since the purchase the vessel has been thoroughly refitted, and is now in good sea-going condition. The departure of the Atlanta has, from week to week, been delayed by some trivial excuse; but a few days ago she dropped down the Delaware to Lewes. Her movements have all along been shrouded in complete mystery, and latterly suspicions that she was destined to be used in the interest of the insurgent Cubans became rife.

A STARTLING COINCIDENCE.

It has been currently rumored that she was watching the Spanish gunboats at New York, and last evening, as if in confirmation of the rumor, the two following despatches were received simultaneously at the office of the *Press*:—

LEWES, Del., Dec. 19, 1869.

The ram Triumph, late Atlanta, said to belong to the Haytien government, went to sea at quarter-past four P. M. Despatches were sent off to her before she sailed.

NEW YORK, Dec. 19, 1869.

At ten o'clock this morning eighteen of the Spanish gunboats, whose departure has been hourly expected during the past week, took up position in the wake of the Spanish war vessel Pizarro, which has been lying in the North river for three weeks, and following her, steamed slowly down the bay. Few spectators were present, and there was no demonstration whatever—Twelve unfinished gunboats yet remain at the Delmater works.

OMINOUS.

That potion of the telegram from Lewes which says that despatches were sent to the Triumph, *ne* Atlanta, before she went to sea, coupled with the New York despatch announcing the sailing of the Spanish gunboats, would seem to confirm the rumor that the Triumph belonged to the Cubans.

THE TRIUMPH

is a powerful vessel, built in the most approved manner, and in the event of her meeting the Spanish gunboats the latter would have no alternative but fight. Her sea-going qualities were proved on her voyage from Savannah to Philadelphia.

As the matter now stands it is impossible to say what will be the next developement in this mystery. Before night we may learn of the destruction of the modern Spanish Armada, and we may not. If the Triumph is really a Cuban vessel her presence upon the sea must play havoc with the Spanish navy, which has no man-of war capable of competing with her.

The Legislature of South Carolina has paid the Commissioners—one of whom is a colored gentleman by the name of Whipper, from Michigan—$15,000 for copying the New York Code and submitting it as a codification of the laws of South Carolina.

The above will do as a "cock and-bull" sensational for a hard run paragraphist of a Daily paper; but when we learn that the gun boats quietly entered the Capes of Virginia and anchored in Lynn Haven Bay, as the telegraph of Wednesday night informs us, it rather squeezes the spice out of the pudding and leaves it insipid.

We regret to learn that Prim, the Spanish General, has a "peaked" nose, as our confidence is greatly impaired from and after this date.—*Standard.*

Pike's predilections are flat-noseward.

THE TREATY WITH ST. DOMINGO. As your correspondent will inform you, President Baez has leased the bay of Samana to the United States on the following terms: The lease to be for a term of fifty years, at $150,000 per annum, and President Baez to receive for his own personal use and emolument the sum of $50,000 per annum as secret service money, the same to be paid him wherever he may be. The first year's rent of the bay has been paid, and on the 16th inst. the United States colors were hoisted at Cailo Cavenelio and were saluted by the war steamer Albany. It is also stated that Baez received three years ($150,000) of his salary in advance.

The Baez government also received $80,000 worth of arms and munitions of war, carried to St. Domingo by the Albany, which amount is to be deducted from the rental of the bay by yearly instalments.—Such are the reports that have reached us here. Of course we have no means of substantiating them, although they come from good authority and are worthy of credence.—*New York Herald.*

CHEAP RAILROAD TRANSPORTATION.

A paper read by Dr. Thomas D. Hogg, before the N. C. Agricultural Society, during the annual Fair, 1869:

K. P. Battle, President Agricultural Society:

In answer to your request to furnish you with a paper for the State Fair, on "Cheap Railroad Freights," I understand you to require my opinion as to what a North Carolina Railroad can and ought to do, and not what the great and successful Roads of the world have done.

If an engineer were required to build 100 miles of Railroad over most of the sections of North Carolina, properly equipped and with reasonable grades, he would require about $3 000,000 cash. This Road properly equipped, will require about thirty engines and five hundred cars. The capacity of this Road is the steady employment of about 90 per cent of this equipment. Anything less than this would require the charges for the freights to be so arranged that the Road would rather have to live upon the necessities of the country than to fulfil its office in the full development of the resources of the country. Wherever a Road is found that has not this equipment or a portion of it is idle, it may be set down at once that the difficulty of the managers to find business for their Road. The question then arises, what are the expenses of operating a Railroad in North Carolina? I would divide those comparatively into two classes—the first are relatively fixed. The second increase nearly in proportion to the increase of business. Of the first is the interest on the capital employed, the repair of that portion of the road that occurs from absolute decay, such as your bridges, your crossties and drainages, and the salaries of your expensive men. The second is the wear and tear of your rolling stock, of the rails, and of the work shop. These increase just in proportion to the amount of work youd. Experience has proved of this latter class that they do not reach 25 per cent of the gross amount. Leaving out the interest upon the capital, it is found that if you run five trains a day over this hundred miles of road it will not require more than a third of the equipment that I have above indicated. These five trains a day will make in the couse of the year, of 313 days a mileage of 156,000 miles. Now, if you allow a dollar and ten cents to a mile it will be found to pay the expenses of operating this road, and to keep it in reasonable repair. Now if you can increase the mileage to double that amount, it is evident that your trains will not cost your a dollar and ten cents a mile, because some of the silent expenses are not taken into account, in this second class of mileage. On the other hand, if you make less mileage, you will find that the expenses are materially increasing over a dollar and ten cents a mile for these silent expenses must be met. It is also evident that if you want to make 5 per cent upon your capital, you must charge an additional dollar a mile to meet it. Now suppose your trains to average twenty cars, each car will then cost $5 for 100 miles, and it costs this empty, or loaded. Now, it seems, with these facts steadily before you, you are prepared to judiciously manage your road, and make it permanent good property, and thoroughly develope the country through which it runs. We have to thank Providence that we live in a country whose climate is decidedly advantageous towards the cheap working of Railroads. Let us ask how the articles of freight to be transported from this part of the world, compared with those offered to Railroads in other portions of the world. There are four great classes of freights, offered to a Railroad, the products of agriculture, of mines, of manufactures, and of forests. Of these capital and labor, agriculture will usually furnish the less amount of freight in the course of the year. A hundred hands, or $100,000 invested in a mine, or a factory will yield a far greater amount to that number of persons, and that amount in a rural district. And our agriculture exports less than agricultural districts usually do. An acre of land in cotton will furnish to the Railroad 300 pounds of freight, per year; wheat 1200 pounds, corn 1500 pounds, tobacco 2,000 pounds, grapes 10,000 pounds. The same proportion will hold good as to a man's labor, except in regard to tobacco.—Therefore it takes a very large area of cultivated lands to furnish the material to fill any number of trains during the day over a road. Then again, these products come periodically, and it is necessary at times to run the trains all full one way and all empty the other, and at times, this is reversed. It is just at these times that I would require the companies to transport all manures at very low freights, indeed, I think it would be better if they brought them for nothing. It is better to bring something that would increase their next year's freights, than to bring an empty car. It seems to me that these points are too plain to be argued.—Let us mention some particular instances where this thing will be shown on a large scale. The Reading Road transports 3,600,000 tons of coal per annum, besides other freight; this is more tons of freight than the entire Southern cotton crop will furnish in five years. The Pennsylvania Central, transports 1,000,000 barrels of oil, more freight than all the railroads of North Carolina transport in a year. The city of Oswego furnishes more tons of flour for transportation than a thousand miles of railroad in North Carolina in all the freight that they move. You will therefore pardon me, if I indicate some of the articles, that I think our railroad managers should pay particular attention towards cheap freights; or expend some of the idle time of their machinery and men, towards making profitable work for years to come.—Of course the most prominent of these in an agricultural country are manures. I would transport these at very low freights at any and all seasons when they are offered; and I would advertise to transport them free of all charges at seasons when I had empty cars, returning from transporting crops to market, and I would extend this to vegetable mould and marls and oyster shells. I would contract for a long series of years to transport wood, to be used for steam power in the towns at a cost that would be so low, that it would be cheaper to use steam, than to transport materials to be manufactured at a water power, three miles from the line of any road. The argument that the consumption of wood by the town is likely to increase the cost of fuel to the railroads is weak. Such restrictions can be thrown around the mode of obtaining wood, as to entirely prevent this result. A steam engine that would consume ten cords of wood a day, would furnish more freight than the products of five miles square of territory as it is now cultivated along the line of many of our roads, and a mile square of wood, would furnish this factory with wood for eight years. I would go further toward the developement of some of the products of the Western part of the State. To the products of their mines and quarries, I would arrange peculiarly low freights. I would employ intelligent agents to canvass the Western part of this State, to induce their people to convert their potatoes into starch, to dry their fruit, to develope the cultivation of the vine, and their hay and root crops into cheese. There is no likelihood, in our time, of these people being able to compete in furnishing the markets of the world with these articles in their green state, but their climate and soil could be made to furnish an immense volume of freight that would pay both the producer and the transporter. With the present amount of freight offering, it is really more expensive to transport a barrel of flour from Morganton to Wilmington 320 miles than from Chicago to New York 1000 miles. Now let us see what ten miles, well cultivated, on each side of a railroad could be made to furnish. One hundred miles of railroad and ten miles on each side give an area of 2000 square miles which at 500 acres to the square mile will leave a total of 1,000,000 of acres. This gives 140 acres to the square mile not used.

200,000 acres of cotton at half bale per acre, 20,000 tons at 20 ct. per lb,	$8,000,000
200,000 acres of wheat at 12 bush. per acre, 80,000 tons at $1,50 ct. per lb,	4,000,000
200,000 acres of corn at 4 bl. per acre, 112,000 at $3 per barrel,	4,000,000
200,000 acres of tobacco at 1000 lbs. per acre, 100,000 at 15 ct. per lb,	30,000,000
200,000 acres of grapes at 200 bunch per acre, 1,000,000 tons at 4 ct. per lb,	80,000,000
Acres 1,000,000. Tons 1,312,000	$126,000,000

Equal to the work of 21 trains for 313 days in the year. Not excessive work for a single track railroad. More tons of freight than tons of which cotton have been produced in the South for three years. This freight at 2 cts., a ton per mile or $2 for the hundred miles would amount to over $2,624,000, to say nothing of passengers and return freights. Substitute for the item of cotton, dried fruit, and for the item of tobacco, potato starch, and the result will work equally well for the lands, producing a greater amount of freight in the Western part of North Carolina. I do not think if this amount of freight were offering, it would be necessary to tax the people to build railroads in the Western part of the State, for it is evident that the dividends would be very large. This will explain why multitudes of roads that cost $100,000 and $200,000 a mile are well supported in densely populated countries. Northern roads, that a few years ago were bankrupt, now transporting agricultural products, at 1 cent a ton per mile, are hugely profitable. There is another popular delusion to which I would call attention, that freight can be transported as cheap in proportion, for a short distance as it can be for a long one. To illustrate this, suppose a train of ten cars were to start from one end of the road, and one car was to be detached every ten miles, at a station, and remain there until gathered up by the train coming back. Is it not plain that if the charges were made per mile, for each car, the receipts would have been but one half, if the train had gone all the way through, and the expenses would be as much in the one case as in the other? It must be borne in mind that the rolling stock is kept idle, and there is risk of insurance, risk of theft, and there is as much clerical force required in the way of making the entries for one barrel of flour, transported ten miles as for a hundred barrels, a hundred miles. But above all it is the silent expenses of a road to which each item of freight is obliged to contribute its share. This error arises from confounding the transportation of passengers and the transportation of freight. It must be remembered that passengers load and unload themselves and about as many get in as get out, at each station, which is not the case with freight. This same rule can be applied to a thousand miles of road with equal force as to a hundred miles of road. It has proven that it has been profitable with very large volumes of freight that can be transported at 1 ct. a ton per mile. One cent a ton per mile, means that a barrel of flour can be carried a 1,000 miles, for $1, a four hundred pound bale of cotton, one thousand miles for $3. And it is about 1,000 miles of road from Norfolk, via Augusta, either to New Orleans, Vicksburg, Memphis, or Cairo. I think it is plain that the day is not far distant when all the freight from that region, will reach market through the cities of Augusta or Savanah, and it is therefore no wonder that the Railroad managers of North Carolina are straining every nerve to reach that goal, rather than wait for the tardy developements of the agriculture of North Carolina. And the farmers will have to cry aloud to make their wants known.

As to cheap fares, I think the Railroads, in the thinly settled States of our country have offered all that they can afford, with one exception, to do at present, taking into consideration the coupon ticket of 1,000 miles, and where there are large gatherings of people, transporting them both ways for one fare. That exception is a ticket, not used in this country at all, but is extensively used in England. Where a holiday excursion is proposed the Railroad sells one hundred or a thousand tickets, to an individual for a specified sum, in proportion to the number to be transported. These tickets are resold by a Church or Society to their members at an advanced rate, thereby giving the pleasure of the excursion, and at the same time, raising a fund for charitable purposes, and the Railroad is certain of a handsome profit for its labor, by reason of being able to transport large numbers of passengers out of its idle time. I would recommend Railroad managers to regulate their excursion trains upon this principle, and I do not see why this Association may not use this ticket to increase the funds of this Society.

UPWARD AND ONWARD!!

WHY IS IT BEST TO INSURE IN THE

BROOKLYN LIFE?

BECAUSE,

AMONG OTHER REASONS, IT IS THE ONLY COMPANY IN THE UNITED STATES WHICH PRESENTS THE GREAT FEATURE OF GUARANTEEING DEFINITE

CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

ALL POLICIES,

Are non-forfeitable after two full Annual Premiums have been paid.

The policy-holders of this Company may travel or reside where they choose—anywhere on the Globe.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company.

DIVIDENDS ARE PAID IN CASH,

or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

THE SENTINEL.

CITY AND STATE ITEMS.

FRIDAY, DECEMBER 24, 1869.

☞ Theo. N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

Mosely received a new supply of all sorts of good things by Express, last night, and he says he intends to sell them off without regard to race, color or previous condition.

Wedding party at Bradley & Christophers', to-day—receives visitors at all hours through the day.

A. D. Royster & Bro, extends an invitation to their friends and customers, to meet Santa Claus, at their establishment to-day.

Phil. Thiem opens out brightly to-day. The little folks hold a levee there and much enjoyment is anticipated.

See the columns of the Sentinel for information as to the places to get supplies for Christmas dinner—or presents for friends and loved ones.

Christmas Solemnity in the Catholic Church Christmas Eve.—This afternoon at 4 o'clock will be performed the beautiful and instructive devotion of the "Way of the Cross." To-morrow (*Christmas day*) the services as follows: High Mass will be celebrated at 4 o'clock in the morning. Second Mass will follow immediately.—The third and last Mass will commence at 11 o'clock, as on Sundays.

The Carrier.—Don't forget the Carrier to-morrow morning. He will be around with his usual Christmas Salutatory, which, though it may lack in fine poetic style and finish, will be hearty in its good will to his patrons. Through rain and sleet, and summer's heat, he has never flinched or failed in his regular duty during the year. We say it of Jewett Cosby, and with great pleasure we say it, he is one of the most exemplary boys we ever knew; steady and punctual in business, kind and courteous to all; and *loves and obeys his mother.*

Then receive him kindly on Saturday morning, his closing round before the holidays.

An Uphill Business.—Everything looks too much like "getting ready to go to meeting," for us to make any labored effort to fill our column to-day. There is not much happening and we are glad of it. We feel like we should like to slack off a little—"back back a car length and hold so," as the Railroad men say, until the holidays are over. We feel almost inclined to run out and buy a bunch of fire crackers and fire off a few of them under some old codger's chair. We feel—well, we feel like it's an uphill business to write Locals, so near Christmas.

Hungry.—Somebody sent Wes. a ticket to the Ladies festival at Temperance Hall, to night, to which the members of the press and the clergy only are invited, outside of the order, and straightway, under the mighty influence which something good to eat exercised over his mind, he gives a general invitation to all mankind to come and see him spread himself on the occasion.

Sold Out.—We understand that Maj. Blair, of the Blair House, has sold out his entire stock of omnibuses, carriages, phaetons, and teams, to George W. Wynne & Co., of the Raleigh Livery Stables, who will run the omnibuses to both the Blair House and Yarboro', or to other points and to the Railroad depots. Good thing on all sides, we guess.

Sore Throat, Cough, Cold, and similar troubles, if suffered to progress, result in serious pulmonary affections, oftentimes incurable. "*Brown's Bronchial Troches*" reach directly the seat of the disease, and give almost instant relief. They have been thoroughly tested, and maintain the good reputation they have justly acquired. *As there are imitations, be sure to obtain the genuine.*

Undefined Ailments.

There are many ailments, trying in their nature, but the symptoms of which are not sufficiently specific to enable physicians to classify them under any particular head. As a general rule they arise from a general debility of the whole organization, but their primary cause, in at least three cases out of five, is a lack of brisk vital action in the stomach and liver. Stimulate and tone the relaxed digestive and secretive organs, and bodily ease, health and vigor will follow the treatment. Among all the medicines which have been recommended as conducive to this end, none has been administered with such uniform and entire success as HOSTETTER'S STOMACH BITTERS.

Its ingredients were selected from the vegetable kingdom, originally, with a view to the invigoration of the physique and the constitution, and also for their anti-billious and slightly laxative properties. Twenty odd years of experience has proved that these herbal restoratives were wisely chosen and have been judiciously apportioned in this celebrated preparation. Not only as a specific for indigestion and all kindred complaints, but as a *household remedy for all the minor ailments incident to humanity*, it has obtained a reputation based on unimpeachable testimony, which fairly eclipses that of any other proprietory or officinal medicine in use.

Paid by the Ætna Life Insurance Co., through the hands of W. H. Crow, General Agent, for the State of N. C., and south of the James Two policies upon the life of J. A. Moore, of Raleigh, No. 17,296, $10,000; No. 19,416, $5,000. This is but another illustration added to the many already made known to the public, of what this old and reliable Company is doing in our State.

The following note is appended by permission:

Mr. Crow:—Please accept my thanks for your untiring energy and perseverance in procuring for myself and child, the amount due us, from your Company, also my appreciation of your promptness and kindness in our behalf.

Very Respectfully,
Mrs. James A. Moore.
Raleigh, Dec. 14th 1869.

U. S. Circuit Court—*Thursday* Dec. 23.—Court met at 10 o'clock. There was only one case submitted to the Jury to-day; it being that of Anna E. Smallwood, Guardian *vs.* John H. Haughton and others, Hubbard and Green for Plaintiffs—Phillips for Defendant. Action for Defendant. Verdict in favor of the Plaintiffs.—The whole of the day was occupied in making and arguing motions, making entries on the docket, &c. At a late hour the Court adjourned until to-morrow morning 10 o'clock.

Snow in the Mountains.—A gentleman from the mountains, who arrived in the city yesterday morning, informs us that they have had a heavy fall of snow in the Western party of the State. He says it lay fifteen inches deep West of the Blue Ridge, and that on the East of the Ridge it was sufficiently deep to put a stop to the work on the Railroads.

Don't forget the auction at Towles' to-day—fine chromo pictures in gilt frames, and many more useful articles. Postponed from Wednesday. See advertisement.

Fall Back on Spare Ribs.—A friend, not far off, had a fine turkey night before last, which he intended to butcher after supper for his Christmas dinner; but while he was at supper, some rogue stole his turkey, and now our friend has to fall back on spare rib and sausage—fact.

R. G. Ivey will very soon open a Grocery Store on the premises of W. G. Riddick about 8 miles Northeast of this city.

The business will be conducted by W. G. Riddick, as agent.

Persons can be supplied with everything in the grocery and provision line upon the most reasonable terms.

PRATT'S

"ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and *safest* Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with unout seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

Thursday Evening Dispatches.

WASHINGTON.

Washington, Dec. 23.—Bullock convenes the Georgia Legislature January 10th.

Texas advices from Gov. Pease say that Davis is 400 ahead, exclusive of Milliam and Navarro counties, which will elect Hamilton if counted. In Milliam county the election was stopped on account of a disturbance. In Navarro no election was held on the regular days, on account of incomplete registration. The questions regarding counting the votes of those counties is referred to the President, who awaits Gen. Reynold's report before deciding.

The opinion prevails here that Gov. Bullock's proclamation will not secure a quorum of the Legislature at Atlanta.

The steamers Yantic and Albany, are ordered, after refitting, to join the North Atlantic squadron.

The Seminole is ordered to San Domingo; the Nantucket is already there.

Coal for the North Atlantic fleet is ordered to the Bay of Samana, which is now occupied by the United States.

Port Royal, S. C. will probably be used as rendezvous for the North Atlantic Squadron.

VIRGINIA.

WASHINGTON.

Washington, Dec. 23.—Revenue to-day $294,000.

Customs for the week ending 18th inst., two and a half millions.

Many members of Congress who voted for the bill to promote reconstruction in Georgia have given assurances that a Convention of the people of Georgia pledging the adoption of the 15th amendment and reseating of the negroes will secure the immediate repeal of the act. Senator Horton says the whole object of the legislation was to secure the adoption of the 15th amendment.

[We omit all the balance, as we suppose our readers don't care a bawbee where Boutwell eats his Christmas dinner, or where the members of Congress go to spend the holidays.—Ed. Sentinel.]

DR. LAWRENCE'S

Highly Concentrated Compound

FLUID EXTRACT OF

Koskoo!

THE GREAT HEALTH RESTORER!

NOT A SECRET QUACK MEDICINE—FORMULA AROUND THE BOTTLE.

Prepared Solely by

J. J. LAWRENCE, M. D.

ORGANIC CHEMIST,

NORFOLK, VIRGINIA.

☞ Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word KOSKOO is BLOWN ON THE GLASS of each bottle. ☜

Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tillery, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 10, 1869.

DR. J. J. LAWRENCE—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the *happiest results*. I find it to be a *powerful Liver Invigorator, Blood Purifier* and *Nervous Tonic*. In all diseases of the Liver, Scrofulous Syphilitic, Nervous Affections, *it is a remedy of immense value*; in fact, in almost every variety of Chronic Disease its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of *reliable* medicines, I am sir, with much respect your obedient servant,

R. C. TILLERY, M. D.

From Dr. Fentress, an accomplished and experienced physician.

Princess Anne Court House, Va., Sept. 13, 1869.

J. J. LAWRENCE, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your Koskoo compound, *and have prescribed it in some stubborn cases of Chronic Liver Affections Dyspepsia, General Debility, &c., and always with the most gratifying results*. I find it to be a splendid Tonic *Alterative, and Hepatic* combination, accomplishing its constitutional effects without *the slightest debility*; in fact *it gives fine support to the General system* while its alternative effects are being produced. *I cheerfully recommend its use to the public.*

Yours, truly,

T. F. FENTRESS, M. D.

Koskoo cures SCROFULA IN ITS WORST FORMS. From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No. 11, Main St., Norfolk, Va., Sept. 15, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your Koskoo—IT ACTED LIKE A CHARM ON HER—UNDER ITS USE THE ULCERS GRADUALLY HEALED, AND HER GENERAL HEALTH GREATLY IMPROVED. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a SPECIFIC for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. SHE IS NOW IN BETTER HEALTH THAN SHE HAS BEEN IN FIVE YEARS.

With the highest regards, I am gratefully yours, &c.,

A. W. MILLS.

KOSKOO, THE GREAT INVIGORATOR—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth, Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debilitation—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an *invigorator*.

Yours, &c.,

JOSEPH E. MARTIN.

KOSKOO!

CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your Koskoo is AN INFALLIBLE REMEDY for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—THAT SURELY CURES. The great amount of good it is now doing among us is inestimable.

With much gratitude, I am respectfully yours, &c.,

MRS M. E. A. NELSON.

Dr. Lawrence—Dear Sir: Having been treated by several skilful physicians for Dyspepsia, Chronic Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored.

I am, sir, with much respect your obedient servant,

O. B. MEARS.

No. 5 Market St., Norfolk, Va., July 6, 1869.

Pacific, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies, but received no benefit until I commenced taking Koskoo. I took the medicine about one month, and I was completely *cured* and have remained well. I know of several *cures* made by Koskoo, and can cordially recommend it as a good medicine.

JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No. 13 MARKET SQUARE, Norfolk, Va., Oct. 23, 1869

DR. LAWRENCE.—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of KOSKOO RESTORED ME TO HEALTH.

Yours, truly,

J. G. WOMBLE.

From Rev. W. H. Christian, Pastor Dinwiddie Street Methodist Church:

PORTSMOUTH, Va., October 25, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his "Koskoo" with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression.

W. H. CHRISTIAN.

DRY GOODS.

FOR 1869.

NEW GOODS!

A HOUSE CHOCK FULL!! AT

Creech's!

WHOLESALE & RETAIL DEALER IN FOREIGN and DOMESTIC

DRY GOODS.

WIDE AWAKE HOUSE!

DOWN STAIRS FULL; UP STAIRS FULL; SHELVES FULL! PILED ON THE COUNTER; PILED ON BOXES AND ALL ABOUT THE HOUSE!

COME TO CREECH'S!!

DRESS GOODS! DRESS GOODS! In great variety; Styles new; Goods pretty, cheap enough to buy.

FRENCH MERINOES,

In which I recognize no competition, as they will be sold just as cheap as they were when Cotton was 10 cents per lb. and money equivalent to gold.

ALWAYS COME TO CREECH'S to buy MERINO DRESSES, for my money is as good as anybody's; I bought them as cheap as anybody, and I intend to sell as cheap as anybody. That's the way to talk it.

GOODS FOR MEN AND BOYS' WEAR,

Such as Kentucky Jeans, Tweeds, Satinets and Cassimeres. No better assortment or greater variety in the city. In fact, I have enough to keep the boys, the youths, the young men and the old gentlemen, all warm. Step in at Creech's and look at them before you buy.

HATS! HATS! HATS!

For Gent's, Boys and Children. Pull off your old summer hat; it's too late to wear it now; style is changed. In fact, a new hat looks best, anyhow. Call at Creech's corner and examine, before you buy a new Hat.

SHOES! SHOES!

One among the largest and best assortments in the City. Come pull off your old shoes, throw away those that are worn out, and put on a new pair. Keep your feet dry, and preserve your health. Always come to Creech's before you buy.

Ladies and Misses' Hats! Hats!

No use to talk. The style has changed. Spring and Summer styles are out of vogue; so go to CREECH'S. HE ALWAYS KEEPS THE NEW STYLES.

LADIES' BONNETS.

Some small enough; some large enough; some trimmed; some untrimmed. It won't *do* you any harm to call at Creech's before you buy.

CLOAKS AND SHAWLS.—A Fine Assortment.

Now don't you think you had just as well step over to CREECH'S, and look. Probably you will save time and money. In fact, that is just the very place to get the worth of your money; and permit me to tell the people, that when they visit the City, to COME TO CREECH'S, for thousands who have come, acknowledge the truthfulness of my assertions.

I have more to say to you, but will tell you the balance at my place of business.

A. CREECH.

SCHOOL BOOKS.

The Most Eminent Teachers in North Carolina

DECLARE EMPHATICALLY IN FAVOR OF

The National Series of School Books,

WHICH WERE

Adopted by the State Board of North Carolina, Sept. 9, 1869.

UNANIMOUSLY

Adopted by the State Board of Alabama, Aug. 18, 1869.

UNANIMOUSLY

Adopted by the State Board of Louisiana, July 17, 1869.

☞ By reference to the accompanying lists of Text Books used in the Schools of North Carolina in 1855, and those adopted this year, it will be seen that, in nearly every important particular,

THE OLD NORTH CAROLINA STANDARD IS RETAINED.

1869.	1855
The Present Standard.	*The Original Standard*

From Rev. C. H. WILEY formerly State Supt. of Education.

BRISTOL, TENN., Oct. 14, 1869.

I had seen by the papers what had been done by the Board of Education in North Carolina and was glad. I had ample reasons for my former recommendations in the use of the books in our schools.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendation. They are vastly superior to any other books of the kind I have yet seen.—W. H. WEATHERLY, Prin. Clas. and Math. School, Elizabeth City, Oct. 25, 1869.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. ENGLISH, Mount Olive, Oct. 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * I am already using Monteith's Geographies.—JOHN D. JOHNSON, Yadkinville, Sept. 23, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. H. SMITH, Lincolnton, Sept. 28th, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. ALEXANDER, Charlotte, Oct. 11, 1869.

Steele's "Nat. Philosophy" received. Am struck with its superiority to the other in many respects. As a class is waiting, substitute in my order Steele's Philosophy for first introduction —G. W. JEWETT, Wilmington, Oct. 13, 1869.

Davies' Mathematics was adopted by me in 1858, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Peck's Ganot's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. E. DUGGER, Prin. Male Academy, Warrenton.

It is my purpose to introduce Monteith's (No. 4) into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works (Monteith and McNally) seem to me to be admirable.—Rev. ALDERT SMEDES D.D., Rector of St. Mary's, Raleigh.

The system of Geography—Monteith and McNally—I am well pleased with.—Rev. WM S. LACY, Raleigh.

Davies' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. FRANK VAUGHAN, Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this State of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. MILLER, Charlotte, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long used no others when these could be obtained.—Dr. WM D. HARRIS, Prin. High School, Snow Hill.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible makes it, (Monteith's Intermediate Geography) in my judgment, a charming school book.—Col. WM BINGHAM, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. CLOSS, Prin. Durham Academy.

I will introduce the University Arithmetic next term. An admirable work.—M. L. LITTLE, Prin. Pleasant Hill Seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—STINCEON IVEY, Prin. Auburn Academy.

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.—Prof. WM. A. OBENCHAIN, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. G. D. BERNHEIM, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school. I use Davies. I consider his works incomparably superior in many respects. Monteith's Series afford a gradual but thorough and systematic progression.—Prof. JOS. H. FOY, President Stantonsburg Scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography.—Prof. W. C. KERR, State Geologist of North Carolina.

Mr. Taylor Johnson, Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P. O., has introduced the National Series throughout; Mr. W. A. Branch, New Hill P. O., uses the National Series throughout; Mr. Adolphus Rogers, Green Level P. O., uses the National Reader, Copy-Books, Monteith's Geographies, and York's Grammar; Mrs. Emma Bangham, Cary P. O., uses the National series; Mr. H. C. Olive, New Hill P. O., introduced Monteith's Geographies There are now at least 250 pupils in Wake and Chatham counties who are daily using the National Series of books, within my knowledge.—Prof. W. H. BARRETT, Chatham county, Sept 14, 1869.

I am glad to learn that some of your books are to be introduced into our State Schools.—Prof. J. M. M. CALDWELL, Greensboro' High School, Oct. 23, 1869.

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable The structure of language is beautifully exhibited.—Fayetteville *Presbyterian*.

This firm will allow no competition in the price of books published by them which are among the best in the State.—Statesville *American*, 1866.

Have a reputation for merit unsurpassed.—Statesville *American*, 1869.

Peculiarly adapted to supply the wants we have long felt.—Greensboro' *Patriot*.

Have acknowledged superiority by the most competent judges.—Western *Sentinel*.

Davies is excellent in the first degree.—Wadesboro *Argus*.

Are excelled by none of the many used, and they are superior to most of them.—Newbern *Journal of Commerce*.

When we examine the bright pages of the National Series, and think how we groped along the dry and uninteresting "task" of our boyhood, we are constrained to be envious of the happy pupils of the present.—Wilmington *Post*.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.—Wilmington *Herald*.

NOTICE TO THE ENTERPRISING

I PURPOSE TO LEAVE HOME, ABOUT THE 10th of January next, for North West Louisiana, and wish to engage from 12 to 20 able bodied men, black and white (small families no objection) to open up to Cotton cultivation, several tracts of Land, partially improved; consisting of choice selections of uplands on, and near the West Bank of the Ouachita (called Washita) River; and bottom lands on the East side of said river, as also on the Bœuff River and its tributaries. All immediately on navigable streams; and producing 1½ to 2 Bales Cotton per acre under good cultivation and favorable seasons. They abound in the very best Stave and Ship Cypress, and pine timber. Cord wood for steamboats and Rafting timber for the Sugar plantations, lower down on the Mississippi River. Health about equal to that of Eastern North Carolina.

Enterprising men willing and competent to embark in the lumber business, in any of its forms, will find a most ample field for large profits. The price of Cypress plank is from $25 to $3[illegible] per thousand; of pine from $20 to $25, both greatly in demand along the Ouachita and its navigable tributaries. Day laborers get good rations and 15 to 20 dollars per month; Mechanics from 2 to 6 dollars per day.

Shoemakers, Tanners, Blacksmiths, Wheelwrights and especially Gin-wrights can find ready employment in the vicinity of these lands. About $30 emigrant rates, and about $50 Passenger rates only, will be required, to get each one through. I propose to superintend in person as many of these places, as I can procure suitable settlers for each emigrant who arrives, may according to agreement, work for wages, or on shares; or may purchase the lands on 3 years credit, paying 8 per cent. interest on the present agreed price.

ALSO,

Wanted, Tenants, for Four small places in Franklin county lying six miles from Franklinton Depot, in good condition for the next crop. I can furnish a few superior cows and stock hogs for all these places, upon easy terms to the occupant.

ALSO,

Wanted, to lease for 3 years, all the premises on which I reside, (on the northern limits of the City of Raleigh) except my dwelling house, the Lawn, and about one third of the Garden. The premises to rent consist of 1 dwelling House with Kitchen and Garden, now renting for $15 per month also 2 small Houses for laborers renting for $4 each per month, 10 or more acres of freshly turned Clover-sod, Brick Barn with stalls for 7 Head of Horses and Cattle, Carriage House and Cistern, Wagon-Shed, Stock-lots with constant water, 300 bearing Fruit Trees. My half of a Nursery, containing 4 000 Apple, 1,500 Pear, 2,000 Peach Scions, grafted and budded last season, besides, Osage Orange and other plants for hedges, flower garden &c. Farm and Garden Tools can be had with these premises. Terms half cash in advance, balance at end of each year.

And $5,000 ready to pay a loss of No. 24,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c,

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example;

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44

UNIVERSAL,	27,34
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed;

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13 237 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
